

The image shows a digital Simon game interface. It features a black background with four large, brightly colored squares arranged in a 2x2 grid: green in the top-left, red in the top-right, yellow in the bottom-left, and blue in the bottom-right. In the center of the black area, the word "SIMON" is displayed in a large, bold, sans-serif font, with each letter colored to match one of the four squares (S is green, I is red, M is yellow, O is blue, N is blue). Below the word "SIMON", there are two white rectangular buttons with black text. The left button is labeled "START" and the right button is labeled "SCORE:". The overall design is minimalist and visually striking due to the high contrast between the colors and the black background.
